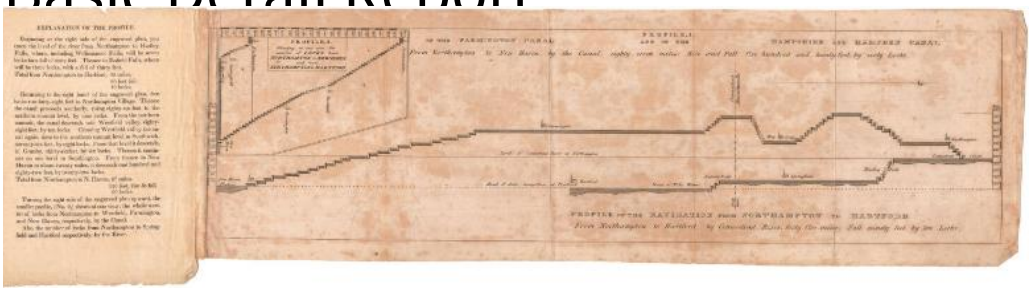
Basic Detail Report



Title Profile of the Navigation from Northampton to Hartford

Date Probably 1828

Primary Maker Unknown

Medium Engraving; black printer's ink on wove paper, with paper cover

Description Profiles, including locks, of the Farmington Canal and Hampshire and Hampden Canal. The top profile shows the canals from the Connecticut River north of Northampton, Massachusetts, to New Haven, Connecticut. The bottom one shows the profile from the Connecticut River north of Northampton to Hartford, Connecticut. In the top left is a profile of the number of locks from Horthampton to New Haven and Northampton to Hartford. The sheet is adhered to a paper cover that has an explanation of the profile printed on the inside.
