POWWOW ETIQUETTE

For many first-time visitors to an Indian Powwow, the activities and events may seem foreign and confusing. What is appropriate behavior? The answer is simple. First, just listen to the master of ceremonies. He's the man in charge! Second, be courteous and considerate to all, just as you would be if you were invited to the home of a friend or relative for a big outdoor party.

And finally, you may find that many Powwow events don't start at precisely the time they were scheduled. Well, the Powwow is operating on "Indian Time." In Indian cultures, events simply begin when they begin and end when they end! So, sit back, relax and enjoy the show!

ON-GOING EVENTS: DANCING, DRUMMING,
CRAFT DEMONSTRATIONS & EDUCATIONAL EXHIBITS

A Special Thanks to the Town of Somers and all the Volunteers that make this event possible!
