

# Basic Detail Report

## Title Woman's Overshoe

Date about 1865

Primary Maker Providence Rubber Company

Medium Machine-knitted cotton coated in rubber

Description Flat overshoe of black rubber coating a white knitted cotton lining.

Narrow, rounded square toe, straight "sole," very long vamp. The overshoe is crushed and very stiff, so other details, such as the shape of the throatline, cannot be seen. The bottom of the shoe is one with the upper--there is no separate sole; it is impressed with a small-scale diamond mesh design. The back of the shoe is punched with a small hole, through which is threaded the short remnant of a brown string.

Dimensions Primary Dimensions (height x width x length): 1 1/8 x 2 3/8 x 9 3/4in.

(2.9 x 6 x 24.8cm)
