

Basic Detail Report

Title Woman's Overshoe

Date about 1860

Primary Maker Providence Rubber Company

Medium Molded rubber with cotton lining

Description Molded black rubber overshoe with a narrow, rounded square toe.

The overshoe is molded in one piece, but with faux seams to resemble a stitched shoe. The vamp is long (5 1/2 inches), and the sole is straight. It is lined in the upper with brown knitted cotton; the sock lining is plain-woven brown cotton. The bottom of the overshoe is molded with shallow texture of a diamond grid. The waist is molded with the manufacturer's logo and patent information (see "marks").
