

# Basic Detail Report

## Title Sampler

Date 1805

Primary Maker Ann Eliza Terry

Medium Hand-embroidered silk on linen, archivally mounted in a wooden frame

Description Sampler worked in dark green, light green, light blue, medium

brown, and cream silk threads on a plain-woven linen ground using cross

stitches. The sampler is rectangular, oriented vertically. It is laid out with six

# Basic Detail Report

rows of three alphabets and the numbers 1 through 10, over two inscriptions.

The first inscription is "Ann Eliza Terry Aged 9 years Done/ In the 30th Year of the

Independence/ of the United States of America AD [one character] 1805". The

second inscription is: "How blest the maid whom circling years improve/ Her  
god the object of her warmest love/ Whose useful hours successive [sic] as they

glide/ The book the needle and the pen divide". The background of the first

inscription is solidly stitched. There are at least three small diamond shapes.

The lines of alphabets and numbers are separated by various narrow borders,

including straight and meandering lines. The sampler has a four-sided flower

and vine border. The sampler is probably unfinished. The edges of the sampler

are not visible. The sampler is in a frame. Letters and Numbers: There are three

alphabets and the numbers 1-10. The letters are uppercase block in alphabet 1,

lowercase block in alphabet 2, and uppercase script in alphabet 3. The letter J is

present in the first alphabet only; the letter U is present in all alphabets. The

letter A is repeated in the first alphabet; the letter 's' is repeated in the second

alphabet. The maker ran out of room in the first inscription; the words "years

improve" are worked as "years im" with "prove" positioned above "ears im".

The embroiderer uses the long 's'. Stitches: The principal stitch on the sampler is

cross stitch (over one and over two threads). The background of the first

inscription is solidly stitched. Condition: The sampler probably has light fading.

There are some areas of weakness in the ground. The sampler is in a frame.

Dimensions Primary Dimensions (height x width): 15 3/16 x 12 3/16in. (38.6 x

31cm) Frame (height x width): 16 1/4 x 13 3/16in. (41.3 x 33.5cm)
