

# Basic Detail Report

## Title Man's Hat

Date about 1950-1970

Primary Maker Ravazzi

Medium Machine-stitched synthetic fibers, leather, plastic, feathers, enamelled gold-tone metal, and unidentified silver-tone metal

Description Black, plush man's hat in a Tyrolean style, with an indented crown and narrow, up-turned brim. The crown is surrounded at the base by three black silk-like cords. Pinned on one side of the crown are two pins: one in a shield shape, enamelled in black and white around a design of a griffin and a knight's helmet; the other is a silver tube with an applied edelweiss design. Inserted in the tube is a bunch of brown bristles and red and black feathers. The hat is lined in golden orange acetate; the top of the crown is protected by a layer of clear plastic. A black leather sweat band lines the base of the crown.

Dimensions Primary Dimensions (height x width x diameter): 5 x 9 5/8 x 11in.  
(12.7 x 24.4 x 27.9cm)
