

Basic Detail Report

Title Woman's Wedding Belt

Date 1936

Primary Maker Adella S. Smolensky

Medium Metal, silk, and plastic (?) buckle

Description This belt has a diamond shaped self-fabric covered buckle. The off-white silk satin used in the buckle matches that of the bride's wedding dress (2001.41.4.1). The three-inch diamond buckle is most likely plastic, with a metal post. The belt only has one hole, found 2 1/2 inches from the end of the belt, 3/4 inch down from the top edge.

Dimensions Primary Dimensions (width x length with buckle): 1 3/4 x 31in. (4.4 x 78.7cm) Other (width of buckle): 3in. (7.6cm)
