

Basic Detail Report

Title Woman's Hood

Date about 1865-1890

Primary Maker Goodsell family

Medium Machine-stitched and hand-stitched silk, with cotton wadding

Description Woman's black silk quilted hood, lined with pink satin. The black satin is machine-quilted. The garment is constructed with a shallow hood, which is gathered into an eight-inch-wide shoulder cape that is split into an inverted V-shape at the center back. The outer edges are trimmed with a box-pleated black satin ribbon ruffle. The hood ties with black satin ribbons. The pink satin lining appears to be the second lining used--a blue silk lining is apparent through the splits in the pink satin. Neither lining is quilted.

Dimensions Primary Dimensions (height x width across shoulder of cape): 19 1/2 x 21in. (49.5 x 53.3cm)
