

# Basic Detail Report

**Title Man's Nightshirt**

Date about 1870

Primary Maker Dr. Cooper

Medium Machine-stitched cotton with mother of pearl buttons

# Basic Detail Report

Description Man's nightshirt of white cotton, with a turn-down collar and a

center front placket opening edged with a narrow self-fabric ruffle. The placket

extends about 16 1/2 inches and fastens with two mother of pearl buttons. A

casing around the neckline and buttonhole-stitched openings suggest the use of

a drawstring. There is a pocket over the proper left breast, cut in the shape of a

quarter-circle, with the rounded side up and the opening along the flat edge

running parallel to the placket opening. This pocket edge is decorated with a

ruffle. The two-piece sleeves are decorated with a pointed cuff effect, edged

with a ruffle, at the wrist opening. The back of the nightshirt is gathered into the

shoulder yoke. The front and back panels curve up at the side seams, which are

open for about fourteen inches from the bottom.

Dimensions Primary Dimensions (center back length x width across shoulders):

53 3/4 x 16in. (136.5 x 40.6cm)
