Title Brooch

Date 1940-1970

Primary Maker Hazel E. Tryon

Medium Green-colored metal with red, faceted stones and a clear glass ball with an unknown item inside (a mustard seed?)

Description Green-colored metal brooch. It is shaped like holly leaves strung together and fashioned into a trefoil shape with two tails at the bottom. Ten small, red, faceted stones are attached to the leaves; three are missing. Between the two bottom tails is hung a clear glass ball into which a mustard seed (probably) has been set.
