pink luster. The decoration consists of evenly-spaced, long, triangular shapes with a scalloped edge. Between these are abstract, long, slender leaves and branches, with occasional clusters of three small dots of red enamel, probably representing berries. The dishes each have a flat bottom surface and angled sides. There is a circular band of pink luster at the rim and in the center of each dish. Between these two bands of pink luster is the hand-painted decoration described above. Both dishes have crazing and spots of discoloration. Dish .16 has a scratch in the rim, which probably occurred at the time of manufacture.
