Title Bottle

Basic Detail Report

Date late 19th century

Primary Maker Southmayd & Boardman

Medium Mechanically-molded stoneware with a salt glaze and brown slip glaze

Description Small stoneware bottle with a plain tapered rim, angular shoulder, cylindrical body, and flat bottom. The bottle is glazed on the outside with a salt glaze, and on the interior with a brown slip glaze, or Albany-type glaze. To one side, beneath the shoulder, is the impressed retailer's mark, "SOUTHMAYD/ &/ BOARDMANS/ JAPAN BLACKING". There are several imperfections in the surface of the bottle, especially in the glaze immediately below the mark. There is one small chip in the rim.

Dimensions Primary Dimensions (height x diameter): 6 3/4 x 2 1/2in. (17.1 x 6.4 cm)
