# Basic Detail Report

and longitudinal sections. Plans include swimming pool, fan, and air washer, drying room, unexcavated area, locker rooms, smoking room, gallery, vestibules, gymnasium, bleachers, storage, director rooms, skylight, stairway, and property line. Front elevation shows a three story, seven bays building with a flat roof and six-over-six double hung sash windows. A three-bay entrance with segmented arches is in the center; while diamond decorated molding can be found throughout facade. The alternate front elevation shows a three story, seven bays building with six-over-six double hung sash windows with relieving arches over second floor windows. Roundels can be found underneath garland floral ornament flanked by Doric pilasters. The rear elevation shows a skylight with copper overhanging eaves. The details are of trusses, gallery, swimming pool, bleachers and storage.

Dimensions Sheet (height x width): 28 5/8 x 20 3/8in. (72.7 x 51.8cm)
