Basic Detail Report

Description Grey, ovoid, stoneware jug with a rolled rim, reeded neck, ovoid

shoulder and body, and a flat bottom. A pulled strap handle connects the neck

with the shoulder of the jug. Opposite the handle is an impressed mark,

"GOODALE/ STEDMAN/ HARTFORD". Cobalt blue decoration has been applied

lightly over the mark and at each end of the handle. A cork is still firmly inserted

into the rim and neck of the jug. There are several imperfections in the surface

and glaze of the jug, most notably an area of light brown discoloration below

and to the lower right of the handle. There is light crazing over all the glazed

surfaces of the jug. There are two chips in the rim of the jug, and an unknown

substance adhered to the same area, perhaps a result of the firing process.

Dimensions Primary Dimensions (height including cork x diameter): 16 x 9in.
