

Basic Detail Report

Title Basin

Date 1821-1841

Primary Maker Josiah Danforth

Medium Cast pewter

Description Quart-size cast pewter basin with a single raised bead at the outer edge of the narrow rim, straight tapered sides, and a flat bottom. An incised line circles the interior bottom of the basin. The interior bottom and underside of the basin have skimming marks and chatter marks. There are light scratches on the interior bottom and the sides of the basin. Skimming Marks: Skimming marks are concentric rings left on cast pewter objects by skimming tools. Skimming is the process of removing metal and smoothing rough surfaces by scraping the pewter object as it rotates on a lathe. Chatter Marks: Chatter marks are radial lines extending across skimming marks on a pewter object, caused by vibration of the skimming tool.

Dimensions Primary Dimensions (height x diameter at top): 2 x 7 15/16in. (5.1 x 20.2cm)
