

Basic Detail Report

Title Bridgeport Armory

Date 1910-1912

Primary Maker John J. McMahon

Medium Drawings, blueprints, reprographic copies; pencil on tracing paper, cyanotype and colored pencil on paper, blue reprographic ink on paper.

Description Plans, details and sections show alterations of first and second floors of an armory building. The first floor plan includes a drill hall and parlors, offices, and card room for the Fourth and Fourteenth Companies. The second floor plan includes bench seating in galleries overlooking the drill hall, plus parlors for the Eleventh Company, Hospital Corps and Naval Division, offices, equipment, and locker rooms. Blueprints include a gunfire control diagram, riveted construction details for gallery seating and of support columns, girders, and beams.

Dimensions Primary Dimensions (image height x width): 26 x 40 1/2in. (66 x 102.9 cm) or smaller Sheet (height x width): 26 1/2 x 41 1/8in. (67.3 x 104.5cm) or smaller
