

Basic Detail Report

Title Additions to Washington and Wilson Street Schools

Date 1913-1918

Primary Maker John J. McMahon

Medium Drawings and reprographic copies; black ink, red ink, and pencil on linen and tracing paper, reprographic ink on paper

Description Elevations, sections, plans and details show additions to two public schools. A three-floor addition to the Wilson Street School, connected to the existing building by a corridor, includes space for classrooms, a kindergarten, a loggia, and separate play spaces for boys and girls in the basement. A two-story addition for the Washington Street School also shows classrooms, separate entrances for boys and girls, and a kindergarten entrance. The facade shows elements of the Italian Renaissance and Beaux Arts styles, in a masonry building with arched entry and bracketed pediment.

Dimensions Primary Dimensions (image height x width): 29 x 41in. (73.7 x 104.1 cm) or smaller Sheet (height x width): 31 1/2 x 42 1/2in. (80 x 108cm) or smaller
