

Basic Detail Report

Title House for Leon P. Broadhurst, 235 Kenyon Street, Hartford

Date 1916

Primary Maker William T. Marchant

Medium Architectural Drawings; pencil, black, red, and yellow ink on trace and linen paper.

Description Plans for a three-story Colonial Revival house, with detached garage. The house features a gable roof, brick coursing, enclosed veranda and side porch, decorative cornice detailing, pedimented attic level, dormer windows, and a large entryway. A notable feature of the house is the large offset entryway, spanning three stories. The entryway features modillion coursed edges, doric column-flanked entry door with side lights, a detailed iron balustrade landing at the second story level, and a wooden balustrade landing at the large tri-part dormer window on the attic story level. The windows are

Basic Detail Report

primarily double-hung louvred sash windows in either the eight-over-eight, eight-over-one, six-over-one, or four-over-one configurations. Large tri-part windows are featured on the east and west Elevations, with splayed lintels featured on the first and second stories. Drawings included in the set are: north, south, east, and west elevations, as well as cellar, first floor, second floor, and attic plans. The cellar plans include: laundry, heat coal room, wood bin, hamper closet, work room, stove coal room, and toilet. The first floor plans include: rear porch, kitchen, pantry, butlers pantry, rear hall, dining room, side porch, lavatory, den, great hall, entry vestibule, entry porch, living room, and veranda. The second floor plans include: five chambers, two baths, toilet, rear hall, and hallway. The attic plans include: two maids rooms, bath, store room, hall, sewing room, and chamber. The west elevation shows outside in-wall access door for refrigerator box. Plans for the detached garage show a two story garage featuring a gable roof, decorative cornice detailing, pedimented dormer windows on the second story, and twenty-four light carriage doors on the east elevation. The second story dormer windows are double-hung sash windows in the eight-over-eight configuration, with spalyed lintel double-hung louvred sash windows featured on the end elevations, and west elevation in either a tri-part, eight-over-eight or six-over-six configuration. Drawings for the detached garage included in the set are: east elevation / west elevation, end elevations, and first floor / second floor plans. The first floor plans include: garage space, work bench, and stairs to second floor. The second floor plans include: storage, bath, closet, and "mans room."
