## Title Thomson House, Farmington

Date before 1882

Primary Maker Edwin Whitefield

Medium Drawing; pencil and watercolor on lined notebook paper

Description A two and one half story house has a double overhang and a striking eight panel door with crossed panels on the top and bottom. The doorway is framed by heavy plaster strips on either side, with a half circle pediment above it. There is a board fence to the left of the house and another house to the right. Another smaller fence, possibly a picket fence, runs in front of the house. A path, possibly paved with brick, runs through a grassy lawn beside a large tree.
