

Basic Detail Report

Title Map Showing Location of Reservoirs and Extent of Watershed for the Hartford Water Works

Date 1875

Primary Maker Seth E. Marsh

Medium Drawing; black ink, blue watercolor, and blue crayon on wove paper on fabric

Description Map of parts of Farmington, West Hartford, and Avon, showing the locations of Reservoirs No. 1, 2, 3, and 5. Dyke Pond, Trout Brook, Mine Brook, Long's Pond, and other streams and ponds are shown. Existing and proposed canals connecting the reservoirs are shown. Roads include the Albany Turnpike (present day Route 44) with toll house, Mountain Spring Road, Farmington Road (Farmington Avenue), Middle Road, and South Road. Names of property owners are given. Elevation is indicated with hachure marks. A four-point compass rose is at upper right.

Dimensions Primary Dimensions (image height x width): 40 3/4 x 76 3/4in. (103.5 x 194.9cm) Sheet (height x width): 43 1/2 x 80in. (110.5 x 203.2cm)
