

# Basic Detail Report

**Title** Pinar del Rio, Habana and Isla de Pinos

Date 1898

Primary Maker Charles H. Ourand

Medium Lithography; black and red printer's ink on cotton

Description Map of part of the province of Pinar del Rio, and the provinces of

Habana, and Isla de Pinos. Provincial boundaries are marked with red lines.

Places are marked with their name and a circular symbol. Roads and what

appear to be railroads are shown. Physical features include swamps and islands.

Water depth in fathoms is shown around the coastline. Other numbers are

shown around on the map, in the areas representing water. Some of the

numbers have letters representing some kind of units of measurement, although

what they are is unclear. In the top left is an inset index map showing all of the

maps in the series.
