

Basic Detail Report

Title View of the Cheney Homestead from the Southeast

Date about 1900

Primary Maker Horace Bushnell Cheney Sr.

Medium Photography; gelatin emulsion on glass

Description A frame house with louvered shutters surrounded by a grassy lawn and large trees, including what appear to be elms. The large bushes at the right appear to be some kind of flowering shrubs. What appear to be steps in the foreground are surrounded by plants, with a rake.

Dimensions Primary Dimensions (width x height): 4 x 5in. (10.2 x 12.7cm)
