

Basic Detail Report

Title Union Station, Hartford, Connecticut

Date 1986

Primary Maker Richard Welling

Medium Photography; color photographs on paper

Description Seventeen photographs of Union Station in Hartford, Connecticut.

While many of the photographs simply show different parts of the station--the "Hartford" sign over the entrance, an arched window with the elevated track visible in the reflection, an Amtrak train at the station--others document the station's decay (particularly a hole in the wooden roof) and construction equipment being used to renovate it.

Dimensions Primary Dimensions (image height x width): 4 x 6in. (10.2 x 15.2cm)
