

Basic Detail Report

Title Automobile class: students at work on chassis, Hillyer Institute, Y.

M.C.A., Hartford, ca. 1910.

Date about 1910

Primary Maker W. F. Miller & Co.

Medium Photography; gelatin silver print on paper

Description Young men wearing work clothes gathered around the stripped down chassis of an automobile. Some hold tools or automobile parts, including a tire. A second car is on the right. In the background, other students are putting on caps and coats. A framed print depicting three views of an industrial building hangs from a wire near a clock. A window in the brick wall on the right is open. A large electric light bulb in a shade hangs from a wire.

Dimensions Primary Dimensions (overall height x width): 7 7/8 x 9 13/16in. (20 x 25cm)
