

Basic Detail Report

Title New Lead Mine Brook bridge, Harwinton

Date about 1905

Primary Maker Newman Hungerford

Medium Photography; gelatin silver print on postcard

Description A dirt road leads across a bridge. Wooden railings line both sides of the road. Utility poles are on the right. Stonewalls separate the fields. There appears to be a sandbank on the left. Houses, a small barn or shed, and a church are in the background.

Dimensions Primary Dimensions (overall height x width): 3 9/16 x 5 1/2in. (9 x 14cm)
