Basic Detail Report

Medium Photography: black and white photograph on paper

Description View of a woman sitting on a bench in a public square. She is wearing a hat, coat and scarf. There is a book or other flat object on her lap. There is a tall, sculpted tree immediately behind her. There is a tall flag pole behind her to the left. The tree and pole appear to be in the middle of an open plaza, in front of a large building. The building has arches, a decorative frieze, and two-dimensional ionic columns on the facade. This picture was probably taken somewhere in Europe.
