## Title Woman's Boots

Date about 1915-1920

Primary Maker Unknown

Medium Machine-stitched suede leather, silk, cotton, leather, with a metal disk (appears to be aluminum) in the leather-covered wooden heel

Description Black suede boots with a front lacing. The toe is narrow and pointed and the Louis heel is 2 1/2 inches high. A thin disk of a white metal (appears to be aluminum) is inserted above the top piece of the heel, setting off the black suede. A black cotton shoe lace with metal tips painted black is laced through 19 pairs of eyelets. The top edge of each boot is lined with black grosgrain silk, and

# Basic Detail Report

the rest of the upper is lined with white twill-woven cotton. The soles are leather and continuous over the front of the heel; the boots are shaped for right and left feet. The top piece is pegged and screwed to the heel.

Dimensions Primary Dimensions (height x width x depth): 11 x 3 x 10in. (27.9 x 7.6 x 25.4cm)
