

# Basic Detail Report

## Title Mug

Date 1896-1912

Medium Mechanically-molded buff-colored earthenware with a blue-tinted lead glaze underglaze cobalt blue decoration

Description Small buff-colored earthenware mug with a transfer-printed underglaze cobalt blue decoration and a blue-tinted lead glaze, a type of ceramic known as pearlware. The design found on all sides of the mug shows scenes from the Dutch countryside. Two windmills in the foreground look out over a body of water, with two sailboats sailing close together on the water. In the distance a third windmill sits on the shore. The mug also has a small handle which was molded, applied, and decorated by hand with underglaze cobalt blue. The mug has a large crack running from the rim down through the foot.

There are three small chips in the rim of the mug.

Dimensions Primary Dimensions (height x width including handle x depth): 2 7/8 x 3 3/4 x 2 7/8in. (7.3 x 9.5 x 7.3cm)
