

# Basic Detail Report

## Title Child's Plate

Date 1850-1900

Primary Maker James Leonard Clough

Medium Mold-formed porcelain with overglaze green enamel

Description Round, thick, porcelain child's plate with hand-painted, overglaze dark green enamel on the rim. This border consists of two circles of green, one at the inside edge of the rim, and one at the outside edge of the rim. Between the two lines, vertical and angled lines create a loose lattice-work pattern, with additional short, intersecting lines creating small stars.

Dimensions Primary Dimensions (diameter): 2 15/16in. (7.5cm)
