

# Basic Detail Report

## **Title Proposed LaSalette Novitiate, Dioceses of Hartford**

Date 1916

Primary Maker Whiton & McMahon

Medium Drawings; pencil on paper

Description Drawings include plans for basement, first floor, second floor, third floor and elevations for front side and end side. Plans include open cellar, drying room, laundry, boiler coal (29 tons), kitchen coal (15 tons), sacristy, chapel, sister's room, kitchen, serving pantry, community room, refectory, office, study hall, recreation room, infirmary, veranda, dormitory, priests bathroom and wardrobe for 32 pupils. Elevations show 2 1/2 story building with gambrel roof with four over four over four triple hung sash windows. Roof has gabled dormers with segmented arched lintels under heavy cornice with dentils and an intersecting gable with cross. The entrance porch includes doric columns with decorative full transom light doorway while elevation entrance is similar to front. Scale for drawings is 1/8" = 1'0".

Dimensions Sheet (height x width): 17 7/8 x 24 1/8in. (45.4 x 61.3cm)
