# Basic Detail Report

Description Grey, ovoid, stoneware jug with a plain rim, reeded neck, ovoid

shoulder and body, and a flat bottom. A pulled strap handle connects the neck

and shoulder of the jug. Opposite the handle is an impressed mark, "GOODWIN/

&/ WEBSTER/ HARTFORD". A small amount of cobalt blue has been applied over

the mark and at each end of the handle. There are drips and irregular areas of

cobalt blue to the left of the handle and below the mark. The salt glaze on the

exterior of the jug is thickly applied, textured, and tinted green. A brown slip

glaze, or Albany-type glaze, coats the inside of the jug. There is an indentation in

the side of the jug at the base of the handle, as well as several imperfections in

the glaze in the general area of the handle. There is crazing over all the exterior

glazed surfaces of the jug, and one large area of loss and several small chips in

the foot. There is a curved hairline crack in the side of the jug below the mark.

Dimensions Primary Dimensions (height x diameter): 14 3/4 x 9in. (37.5 x 22.9cm)
