

Basic Detail Report

Title Shaker

Date 1810-1825

Medium Blown and cut colorless lead glass, silver

Description Small, blown and cut colorless lead glass shaker with a silver cap.

The shaker consists of a round, hinged cap with cylindrical sides. The initials

"DW" are engraved on the top of the cap. The sides of the cap are threaded, and

they screw onto the neck of the shaker. The shaker has a spherical cut glass

body with a flat bottom. The body has a band of diamond diapering around the

middle, with short facets cut above and below.

Dimensions Primary Dimensions (height x diameter): 1 x 7/8in. (2.5 x 2.2cm)
