

Basic Detail Report

Title Foot Socket

Date 20th century

Primary Maker Unknown

Medium Pressed colorless glass

Description Pressed colorless glass foot socket consisting of a thick, disc-shaped piece of glass with a graduated well in the center. The center of the well is surrounded by a ring of raised half circles, with a rayed ring above that. The top of the well is flat. The exterior sides have a border of raised flutes that flare slightly at the widest point of the socket. The lower half of the socket is curved and smooth.

Dimensions Primary Dimensions (height x diameter): 1 1/2 x 3 1/8in. (3.8 x 7.9cm)
