

# Basic Detail Report

## Title Map of the World According to the Latest Authorities

Date 1819

Primary Maker Julia Whitman

Medium Drawing; black ink on paper, lined with linen

Description Manuscript map of the world, with the western hemisphere on the left side of the map and the eastern hemisphere on the right, both of which are inscribed with lines of latitude and a single line of longitude bisecting each hemisphere. The Equator, Arctic and Antarctic Circles, and the Tropics of Cancer and Capricorn are labeled. Geographic features include mountain ranges, denoted with hachure marks, deserts, rivers, seas and lakes, many of which are labeled. All of the land features are outlined with shading, including islands. The names of settlements are provided, as well.
