Description Houses and other buildings are located on a hill sloping up from what appears to be a cove on a river. A church with a steeple is at the left; a cemetery and a large building that appears to be a warehouse are at the far right. Sailing vessels are at docks along the waterfront. Two people are in a rowboat; a small ship under sail is approaching from the right. In the foreground, cows are in a pasture surrounded by a rail fence. There are many leafy trees and one partially dead tree in the right foreground.
