

A black metal tool rack with a grid pattern, holding various tools. On the left, a pair of orange-handled pliers and a pair of yellow-handled pliers are visible. In the center, a pair of orange-handled scissors is prominent. To the right, a large brush with a dark handle and a wooden block are visible. The rack is filled with various other tools, including a red-handled tool, a black-handled tool, and a silver tool. The tools are arranged in a way that they are easily accessible. The rack is made of black metal and has a grid pattern. The tools are of various colors and sizes. The background is a plain, light-colored surface.

Primary Maker Richard Welling

The caddy is square with an upper level made up of rows of square storage holes. The holes are arranged in a grid pattern of parallel rows of eight across

Basic Detail Report

and eight down with an extra row of eight on all four sides. This upper level is supported at four corners by square pillars which connect to the base. The base has the same pattern at the upper level. Caddy is well worn and upper level is lifting from supports on one side. Tools in caddy include drawing pencils, technical pens, files, pliers, tweezers, ink bottle, scissors, paint brush, and eraser. Dimensions Primary Dimensions (height x width x depth): 9 3/4 x 5 3/4 x 6 3/4in. (24.8 x 14.6 x 17.1cm)
