

# Basic Detail Report

**Title Bolton quarry.**

Date 1834

Primary Maker John Warner Barber

Medium Drawing; pencil on paper

Description View of the quarry in Bolton Notch. The cliff from which the stone is being quarried is at the left. Derricks for lifting and moving stones are in the center and right background. A large building with a tall chimney is also in the right background. The stone being quarried is a light grey slate, used for flagging and other purposes

Dimensions Sheet (height x width): 7 7/8 x 9 13/16in. (20 x 25cm)
