Basic Detail Report

Title Miniature Boot

Date about 1890-1895

Primary Maker Woonsocket Rubber Company

Medium Molded rubber

Description Molded black rubber miniature boot. The boot top is higher in the front than in the back. The foot of the boot is styled with a high instep and round toe. The rubber is molded to suggest a separate sole and a knock-on heel. Originally, the top edge of the boot had two loops (bootstraps), but they are now broken. Patent information (now illegible) is molded along the top edge of the boot. The side of the boot is molded with "WOONSOCKET / RUBBER / CO."

Dimensions Primary Dimensions (height x width x depth): 2 7/8 x 11/16 x 1 7/8in. (7.3 x 1.7 x 4.8cm)
