Basic Detail Report

Description A young girl sits on the ground at the left beside a marble

monument with a rectangular base surmounted by an urn or lamp. She wears a

black dress with a wide neckline and long sleeves. She holds a waterlily blossom

in her right hand and holds a handkerchief to her face with her left hand. She

appears to be weeping. Her back rests against a weeping willow tree at the far

left, which arches over the monument. Ivy grows on the tree trunk. Roses and

lilies grow at the base of the monument. Waterlily flowers and leaves float in a

pond in the right foreground. Two paths converge in the background, and the

resulting single path leads to a church. Trees and houses are in the distance.
