

Basic Detail Report

Title Miniature Boots

Date about 1895-1915

Primary Maker L. Candee & Company

Medium Molded rubber with machine-knitted cotton lining glued inside

Description Black rubber miniature boots, designed with the leg higher in the front than the back, a round toe, and knock-on type of heel. The boots have a loop "bootstrap" molded on either side of the top. The leg is molded with a vertical ribbed moire pattern, while the vamp, which extends up the front and back of the ankle, is smooth. Molded across the front of the leg, near the top, is "CANDEE". The boots are molded with details imitating seams and tacks on the heel. The sole is molded with a tread pattern of a diamond grid. The boots are lined with tan knitted cotton fabric.

Dimensions Primary Dimensions (height x width x depth): 5 x 1 1/8 x 3 3/8in.

(12.7 x 2.9 x 8.6cm)
