Title Infant's Boots

Date about 1900

Primary Maker Dr. Roderick Bissell Jones

Medium Machine-stitched leather and cotton, with ceramic and metal buttons

Description White leather, buttoned infant boots. The button fly is scalloped and laps to the outside of the foot; it closes with four white, dome-shaped ceramic buttons on metal shanks. The toes are round and there is no heel. The top edge of the boot is very slightly scalloped. This edge is lined with white leather. The rest of the upper is lined with white twill-woven cotton. The sock lining is white plain-woven cotton. The turned sole is brown leather and it is straight.
