Construction: Single board with applied moldings; no structural frame. Board is oriented vertically and hand-sawn at top and bottom to create decorative pediment and skirt profiles. Applied moldings, mitered in corners, are nailed to front and back faces. Wood is *Liriodendron tulipifera*, yellow or tulip poplar, identified by analysis (Hoadley, March 2000). Surface: Traces of original black paint survive on the lettering of one side; the Prussian blue visible on pediment and skirt may or may not be original.
