

# Basic Detail Report

## Title Petticoat

Date about 1908-1909

Primary Maker Unknown

Medium Machine-stitched cotton with machine-made cotton lace

Description Woman's petticoat of white cotton with a drawstring waist across the back. It is smooth across the front. A seventeen-inch-deep flounce of heavy cotton lace is stitched around the petticoat. The strips of lace which make up the flounce are stitched together vertically; they are separated in the lower half with gussets of pin-tucked self-fabric, which flares the flounce. The bottom of the flounce is finished with a 3 1/2-inch-wide edging of lace. Underneath the flounce, the petticoat is ruffled with self-fabric.

Dimensions Primary Dimensions (length x hem diameter): 40 x 83in. (101.6 x 210.8cm)
