

Basic Detail Report

Title Finger Bowls

Date 1850-1875

Primary Maker Unknown

Medium Blown and engraved colorless non-lead glass with a yellow stain

Description Pair of blown colorless non-lead glass finger bowls with stained yellow sides. Each finger bowl has a flat cut or polished rim and sides. The sides curve out slightly, then down to a round foot that has been polished on the bottom. The exterior side of each finger bowl is stained yellow, with a finely engraved, translucent white decoration: wide leaves on branches or vines with grapes and squiggly lines. There are a minimal number of scratches on the bottom of each finger bowl. Finger bowls .1-.2 and .5-.6 were deaccessioned in 2006.

Dimensions Primary Dimensions (height x diameter of all finger bowls): 3 5/8 x 5 1/8in. (9.2 x 13cm)
