

Basic Detail Report

Title Snuff Bottle

Date 1800-1840

Primary Maker Unknown

Medium Mold-blown olive-green glass

Description Mold-blown olive-green glass snuff bottle with a slightly flared rim, a narrower neck, rounded shoulders, a square body with canted corners, and a pontil mark on the flat bottom. The glass has air bubbles and seeds, or areas of unvitriified matter. One side of the bottle has a vertically-oriented hairline crack. The bottom has a ring of light scratches and wear near the edge. The corners and sides of the snuff bottle are also worn and scratched.

Dimensions Primary Dimensions (height x width x depth): 3 7/8 x 2 x 2in. (9.8 x 5.1 cm, 2in.)
