

Basic Detail Report

Title Foot Warmer

Date 1880-1920

Primary Maker Sisson Drug Co.

Medium Mold-formed ironstone with an opaque white glaze, and rubber

Description Lidded foot warmer made of a buff ironstone body with an opaque white glaze on the exterior. The body of the foot warmer (.a) is triangular with rounded edges, and it has a narrow neck, rim, and lid at one end. The flat, disc-shaped lid (.b) has a cylindrical plug that screws into the threads on the interior of the foot warmer's neck. A ring-shaped piece of rubber is adhered to the inside of the lid, around the plug. The body of the foot warmer has many light scratches, especially near the side without the lid. The top of the lid has some crazing to the glaze.

Dimensions Primary Dimensions (length including lid x width): 10 3/4 x 5in. (27.3 x 12.7cm)
