Date 1850-1870

Primary Maker Unknown

Medium Pressed colorless lead glass

Description Pair of small pressed colorless lead glass wine glasses, each with a plain rim, gently tapered sides that curve down to a short, hexagonal stem, and a round foot. The wine glasses are decorated with a pressed pattern known as "New England Pineapple". The pattern consists of two alternating designs. The first design is a small, smooth loop, surrounded by a larger loop with a diamond pattern inside. The second design is an abstract, three-petaled flower, similar to a tulip. In the case of these wine glasses, each design repeats three times.

Dimensions Primary Dimensions (height x diameter of each wine glass): 3 3/4 x 2in. (9.5 x 5.1cm)
