## Title Cedar Hill Coal Skip

Date 1988

Medium Etching; printer's ink on wove paper

Description A coal tower, apparently abandoned, dominates a barren landscape.

A spiral metal staircase and a metal ladder lead up the right side of the tower.

Leafless trees grow around it. Utility towers and high voltage power lines are in the background. An elevated highway or railroad line runs behind the tower.

Other industrial buildings, perhaps related to the railroad, are in the background.
