Medium Drawings; pencil on tracing paper.

Description Plans are for a two story house with a basement and attic. The home has Tudor elements, a brownstone porch, a leaded glass window, a slate roof, and two chimneys. The outside walls are stucco, with wooden clapboards, and stone around the windows. The drawings include front, north, west, and south elevations, as well as floor plans for the basement, first, second, and attic/roof. Included in the basement are a vegetable cellar, cold closet, laundry room, water closet, two other closets, and a large open space that is the garage. The first floor has a sun parlor, living room, den, hall, kitchen, dining room, pantry, rear hall, butlers pantry, two porches, one toilet, and a closet. The second floor consists of four chambers (bedrooms), sewing room, two bathrooms, a hall, rear hall, and eleven closets. Included in the attic are one chamber, a hall, bathroom, one cedar closet, one other closet, and the rest is unfinished.
