

Basic Detail Report

Title Universal Coffee Pot

Date before 1965

Primary Maker Landers, Frary, and Clark

Medium Chrome, glass, plastic

Description Universal Coffee Pot made by Landers, Frary & Clark of New Britain, CT consisting of pot, lid, pewter, and basket. (.a) Silver coffee pot with rounded base and top. Black plastic handle on one side and silver spout on the opposite. Electrical outlet with two metal prongs is at the base, directly below handle.

Basic Detail Report

Inner portion of pot is tarnished with a small hole at the bottom center. Bottom

of pot is removable, with one screw at center and three black, rubber nubs

around edges. Engraved across bottom, "UNIVERSAL / MADE BY / LANDERS,

FRARY, & CLARK / NEW BRITAIN, CONN. / VOLTS 110/120 / No EA-4284 WATTS

350 / REMOVEABLE BASE / TO REPLACE / FUSE PLUG / DON'T PUT IN WATER /

UL". (.b) Round silver and glass lid. Silver border and glass center which curves

upwards and is topped with a grooved, chipped knob. (.c) Thin, round, metal

pewter that attaches to basket. Center is indented with multiple grooved holes. (.

d) Thin metal basket that sits in coffee pot has tiny holes all around sides. A rod

protrudes from the center and connects the basket with its base. Base is smaller

than the basket and metal is more tarnished.

Dimensions Primary Dimensions (height x width): 6 1/2 x 9in. (16.5 x 22.9cm)
